Description:

Published to coincide with Pope Francis's Year of Mercy and the Vatican's canonization of Mother Teresa, this new book of unpublished material by a humble yet remarkable woman of faith whose influence is felt as deeply today as it was when she was alive, offers Mother Teresa's profound yet accessible wisdom on how we can show mercy and compassion in our day-to-day lives. For millions of people from all walks of life, Mother Teresa's canonization is providentially taking place during Pope Francis's Extraordinary Jubilee of Mercy. This is entirely fitting since she is seen both inside and outside of the Church as an icon of God's mercy to those in need. Compiled and edited by Brian Kolodiejchuk, M.C., the

postulator of Mother Teresa's cause for sainthood, *A Call to Mercy* presents deep yet accessible wisdom on how we can show compassion in our everyday lives. In her own words, Mother Teresa discusses such topics as: the need for us to visit the sick and the imprisoned, the importance of honoring the dead and informing the ignorant, the necessity to bear our burdens patiently and forgive willingly, the purpose to feed the poor and pray for all, the greatness of creating a "civilization of love" through personal service to others. Featuring never before published testimonials by people close to Mother Teresa as well as prayers and suggestions for putting these ideas into practice, *A Call to Mercy* is not only a lovely keepsake, but a living testament to the teachings of a saint whose ideas are important, relevant and very necessary in the 21st century.

I love this book which is wonderful reading during Pope Francis Jubilee Year for Mercy. This is not a story of Mother Teresa's life, rather it is a meditative treatment of the seven corporal works (meeting material needs of others) and seven spiritual works (meeting spiritual needs of others). For me, this book provides inspirational, thought provoking and practical guidance for our lives. One can recognize her voice in the words and know how well she lived these concepts, which gives every word great credibility. I have read all of Mother Teresa's books and this one is special as a capstone of her life.
